The specific
provisions of
the Proposal

my Plan Change 22

submission

relates to are

as follows:

I support /

oppose these I support in full

provisions:

The Mackenzie Dark Sky Reserve is an asset that we have been building over many years. This is precious to us and is in line with the concepts / ideologies underpinning the Te Manahuna Ki Uta / Destination Mackenzie Strategy. We must therefore take all reasonable and practicable steps necessary to preserve this for ourselves, visitors and future generations. The provisions in this Plan Change supports this ideology and therefore I feel is a necessary step for us to adopt to protect this asset for the Mackenzie District as a whole. Our location, natural topography and previous efforts have put us at the forefront of creating this Dark Sky Reserve. I feel that it would be extremely detrimental if we were to loosen our controls on managing 'light' in our district as we could lose this Dark Sky accreditation, and once lost it would be exceedingly difficult to try to reinstate this at a later date.

I seek the following decision from the Mackenzie District Council:

Accept Plan Change 22

I do or do not wish to be heard in support of my submission:

I do not

If others make a similar submission I would or would not be prepared to consider presenting a joint case with them at any hearing:

I would not
