MACKENZIE DISTRICT COUNCIL

REPORT TO: MACKENZIE DISTRICT COUNCIL
SUBJECT: LONG TERM PLAN SUBMISSIONS
MEETING DATE: JULY 6, 2015, SUBMISSION HEARING
REF: PAD 15/7
FROM: ARLENE GOSS

PURPOSE OF REPORT:

To receive submissions to the Long Term Plan 2015-25, the draft Financial Contributions Policy and the draft Revenue and Financing Policy.

STAFF RECOMMENDATIONS:

1. That Council receives submissions to the Long Term Plan 2015-25.
2. That Council receives an additional 11 **late** submissions to the Long Term Plan 2015-25.
3. That Council receives submissions to the draft Financial Contributions Policy.
4. That Council receives submissions to the draft Revenue and Financing Policy.
5. That Council hears from those submitters who wished to speak to their submissions on the above.

**WAYNE BARNETT
CHIEF EXECUTIVE**

Attachments

- List of Submitters - attached
- Submissions Volumes 1 to 4 (circulated separately)
- Submissions Volume 5 – Late submissions (circulated separately)
- Two further late submissions from Owen Hunter and Paul Gallagher (circulated separately). These were received after the volumes were printed and sent out.

Background

In accordance with sections 93 to 93G of the Local Government Act 2002, Council produced and made publically available a Long Term Plan 2015-25 Consultation Document. The Council also consulted on its draft Financial Contributions Policy and draft Revenue and Financing Policy.

During the consultation period Council received a number of public submissions:

Long Term Plan Consultation Document – 184 submissions were received during the month-long consultation period, and a further 11 submissions were received after the closing deadline of noon on June 22.

Draft Financial Contributions Policy – one submission to the Long Term Plan also provided feedback on matters included in this draft policy.

Draft Revenue and Financing Policy – one submission was lodged on matters included in this draft policy.

All submissions now need to be received and considered. Those submitters who requested to be heard in support of their submission have been advised of their hearing time.

An extraordinary meeting of Council is planned for Wednesday, July 8, to consider and deliberate on the submissions and make decisions. These decisions will then be written into the Long Term Plan 2015-25 and it will be sent to audit, and then come back to Council for adoption in early August.

Significance of Decision Required

The decision to receive and hear public submissions is considered significant because it implements the special consultative procedure required as part of adopting the Council's Long Term Plan 2015-25.

Options and Issues

Council has two options:

1. Receive and hear all submissions.
2. Receive only those submissions lodged within the official consultation period and not receive late submissions.

Recommendation

The final week of the consultation period coincided with heavy snow across the district that interfered with the normal delivery of mail and also cut power and internet to many homes. This created difficulty for some submitters who were unable to get their submission in before the deadline. It would be reasonable for Council to make an allowance for the adverse weather and receive late submissions on this occasion.

List of Submitters

Submission number	Name	Address	Town	Volume	Page

LONG TERM PLAN 2015-2025

SUBMISSION FORM

If you prefer, an online submission form can be filled out on our website at www.mackenzie.govt.nz

Submissions can be:

Delivered to:

Mackenzie District Council Offices,
Main Street, Fairlie, or Market Place, Twizel

Posted to: Mackenzie District Council,
PO Box 52, Fairlie

Faxed to: (03) 685 8533

Emailed to: submissions@mackenzie.govt.nz

Copies of the Consultation Document for the Draft Long Term Plan 2015-2025 (and supporting information) are available online or at council's offices in Fairlie and Twizel.

Submissions must be received by Council no later than 12pm on June 22, 2015

Contact Details (You must provide your contact details for your submission to be considered)

Full Name:	Owen Nash Hunter	
Name of Organisation:		
Postal Address:	7 Argo st Fairlie	
Post code:		
Telephone:	03 685 8596	Mobile: 027438332
Email:	o.nash@paradise.net.nz	

Hearings (Hearing of submissions will take place on Monday, July 6, 2015, in the council chambers at Fairlie)

Do you wish to present your submission to Council in person at the hearing?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO
Do you wish to present your submission to Council by telephone conference call at the hearing?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO

If you answered 'yes', the hearing will start at 9am on July 6. You will be allocated 10 minutes to speak. You do not need to read out your written submission as the councillors will have already read it. If you have chosen to present by phone, Council will make a reasonable effort to contact you at the number/s you have provided. If you are unable to speak due to unavailability, or technical issues, you might not be allocated another time.

Can you please indicate whether you would prefer to present your submission during the: MORNING AFTERNOON

Note: It is not guaranteed that every submitter will get their preferred time to present.

HOW TO HAVE YOUR SAY

This Consultation Document was released for public consideration on May 21, 2015, and is open for submissions until 12 noon on June 22, 2015.

During this time there are a number of ways you can find out more information about any aspect of this document or the wider Long Term Plan process. Public Drop Ins will be held in each major township. Details are listed below. Council's website also holds the supporting documents that have informed this consultation document.

Submission forms are available at the end of this document or can be filled out on our website at www.mackenzie.govt.nz. Copies are also available from council offices and libraries.

Submitters who wish to speak to their submission will have the opportunity to be heard on July 6, 2015. Deliberation on all submissions will then take place.

During the consultation period, council staff and elected members will be available to speak to any ratepayer or resident about the issues outlined in this document. If you wish to make an appointment with a council officer, please contact the council by phone on 03 685 9010 or email info@mackenzie.govt.nz. If you wish to speak to an elected member, then please contact them directly. Their contact details can be found on the last page of this document.

Submissions close at 12 noon on June 22, 2015. Submitters are encouraged to prepare their submission using the submission form which is attached or available on our website.

Submitters are also welcome to attend public drop in sessions during the consultation period:

27 MAY 2015
Twizel Public Drop In
4-6pm Twizel Events Centre

27 MAY 2015
Tekapo Public Drop In
7-9pm, Tekapo Hall

08 JUNE 2015
Fairlie Public Drop In
6.30-8.30pm, Council Chambers

Your submission needs to be in before 12 noon on June 22

If you ask to speak, Council will allocate you a hearing time

Councillors read every submission

The hearing of submissions is scheduled for July 6

Submitters will speak at the hearing

Elected councillors will consider all information and make decisions

The Long Term Plan will be finalised

The Long Term Plan will be adopted

Key Issue: Is it Time to Sell Some Forestry Land?

Should Council sell two blocks of forestry land and put the money towards essential services? (see page 8)

I prefer Option 1 - Sell two blocks of forestry land and use the proceeds, or a portion of the proceeds, to subsidise the costs of infrastructure in the towns, and roading.

I prefer Option 2 - Keep things as they are. Don't sell any forestry land and wait for the trees to mature.

Why is this your preferred option? *if the amount it is sold for outweighs return on forestry do it.*

(Continue on last page if necessary)

Key Issue: Who Pays for Roads?

Should ratepayers meet the road funding shortfall to maintain the roads in their current state? (see page 10)

I prefer Option 1 - Increase rates to maintain the roads in their current state.

I prefer Option 2 - A smaller rates increase that meets some of the funding shortfall, and a corresponding reduction in the quality of the roads.

I prefer Option 3 - Keep the status quo. Ratepayers will continue to fund roading at the same level as the NZTA contribution with a significant reduction in the quality of the roads.

Why is this your preferred option? *this is an NZ funding issue not just the rate payers.*

(Continue on last page if necessary)

Key Issue: Who Pays for Township Water, Sewerage and Stormwater?

18

Should the cost of infrastructure be paid for by each town individually or spread across the towns evenly? (see page 14)

- I prefer Option 1 - Spread the costs of water, sewerage and stormwater across the towns so all users pay the same for each service they use, and also put proceeds from the sale of forestry land towards these costs.
- I prefer Option 2 - Keep things as they are (status quo) which is towns paying for their own water, sewerage and stormwater.
- I prefer Option 3 - Spread the costs of town water, sewerage and stormwater across everyone in the district.
- I prefer Option 4 - Decide not to meet drinking water standards or upgrade water, sewerage or stormwater infrastructure in the towns that cannot afford it.
- I prefer Option 5 - Use funds from the sale of forestry land to subsidise the costs of water, sewerage and stormwater in the towns facing big projects in the next few years.

Why is this your preferred option?

I think it is fair to spread these cost as it also evens out the rate long term with out huge small town jumps.

The drinking water standard needs to be looked at as most of the country can't afford it. at present we are looking at improving the source, but this all takes time. If money could be freed up to reduce the water debt in faintie would be a big help, older pipes than other towns so we have had the cost.

I think it is high we worked as a district not as individual towns if we are all to survive and have rates we can afford.

Other Matters (Please tick the boxes to identify which topic you will address in your comments below). ¹⁹

Community Outcomes (see page 5)

Disposal of Goodman's and Grampian's Bridges (see page 21)

Manuka Terrace Water Supply (see page 22) Tick if you are a Manuka Terrace resident?

Changing how we rate the Tekapo A Power Station. (see page 22)

Changing how rates are collected for Tourism, Economic Development and Alps2Ocean. (see page 23)

Other topic (Please state)

Comments:

Tourism/Alps2Ocean, some of this we have had no choice, ie government imposed, I fail to see how Fairlie could benefit from Alps2Ocean, but we are hit by a target rate to maintain it, the government needs to front up.

(Continue on last page if necessary)

Additional Comments (Please identify below any additional comments you have regarding what the Council is proposing as part of its Draft Long Term Plan 2015-2025)

Could the rate payers of Mackenzie please have an update on returns on money that the council put into Tekapo land investment, ie house land etc along water front and how does that differ from land purchased for Fairlie to expand.

Key Issue: Is it Time to Sell Some Forestry Land?

Should Council sell two blocks of forestry land and put the money towards essential services? (see page 8)

I prefer Option 1 - Sell two blocks of forestry land and use the proceeds, or a portion of the proceeds, to subsidise the costs of infrastructure in the towns, and roading.

I prefer Option 2 - Keep things as they are. Don't sell any forestry land and wait for the trees to mature.

Why is this your preferred option?

Because it is a long term investment, not a short term one.

The sale of the forestry blocks would not benefit all the rate payers that put into planting the trees.

I'd like to see the 3 baveland blocks on cabuie be sub-divided and sold by tender.

(Continue on last page if necessary)

Key Issue: Who Pays for Roads?

Should ratepayers meet the road funding shortfall to maintain the roads in their current state? (see page 10)

I prefer Option 1 - Increase rates to maintain the roads in their current state.

I prefer Option 2 - A smaller rates increase that meets some of the funding shortfall, and a corresponding reduction in the quality of the roads.

I prefer Option 3 - Keep the status quo. Ratepayers will continue to fund roading at the same level as the NZTA contribution with a significant reduction in the quality of the roads.

Why is this your preferred option?

(Continue on last page if necessary)

Key Issue: Who Pays for Township Water, Sewerage and Stormwater?

Should the cost of infrastructure be paid for by each town individually or spread across the towns evenly? (see page 14)

I prefer Option 1 - Spread the costs of water, sewerage and stormwater across the towns so all users pay the same for each service they use, and also put proceeds from the sale of forestry land towards these costs.

I prefer Option 2 - Keep things as they are (status quo) which is towns paying for their own water, sewerage and stormwater.

I prefer Option 3 - Spread the costs of town water, sewerage and stormwater across everyone in the district.

I prefer Option 4 - Decide not to meet drinking water standards or upgrade water, sewerage or stormwater infrastructure in the towns that cannot afford it.

I prefer Option 5 - Use funds from the sale of forestry land to subsidise the costs of water, sewerage and stormwater in the towns facing big projects in the next few years.

Why is this your preferred option?

None of the above options

spread over all the towns ^{evenly} and

spread evenly over all towns and users not rural because we provide our own infrastructure.
